

SMARTER. SMALLER. STRONGER.

The POWERMOVER G-Series, Powered by PowerHandling, gives you everything you need to effectively move your server cabinets, data centers, and server racks with ease. Our compact design ensures you can operate in tight spaces that allows you to easily manage server movement. Particularly effective for servers with high center of gravity, PowerMover’s hitch easily engages your server and provides smooth push and pull maneuverability.

Highlights

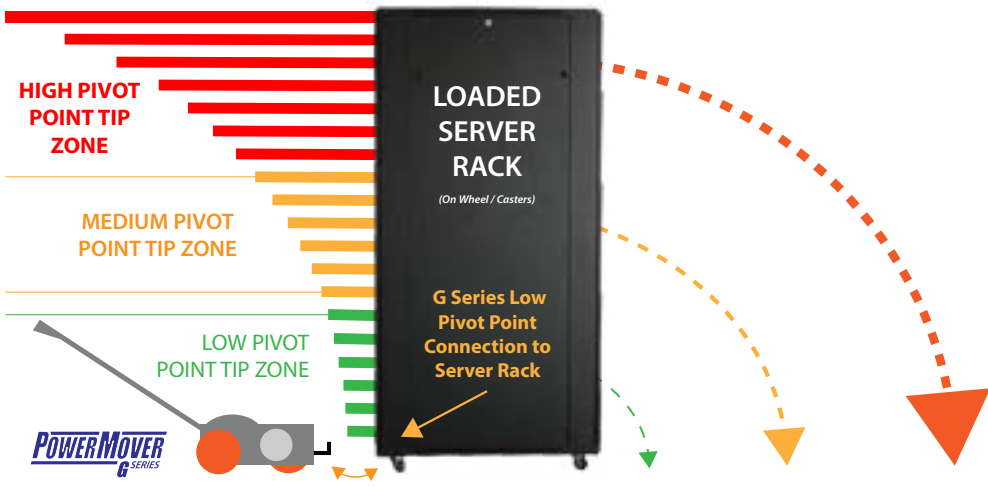

- Compact Design
- Increased Efficiency & Time Saver
- Ergonomic Design
- Custom Bracket Hitch
- Variable Speed Throttle for Smooth Movement
- Drop in, No Wire Rechargeable Battery Pack

From simple adjustments, cleaning, moving, or re-setting a server room, PowerMover G-Series gives you the confidence you need to get the job done.
