PowerPallet FX44: Engineered for Excellence

The electric PowerPallet FX44 is designed for durability and reliability, ready to handle heavy loads to keep operations running smoothly. Its high-performance battery provides extended runtime for longer hours of operation. The FX44 features an intuitive, ergonomic handle for enhanced comfort and control, ensuring efficient operation. This machine is ideal for logistics, delivery, manufacturing and retail applications, it is a great tool to improve efficiency and productivity.

Fully Electric

Smooth, reliable operation with zero emissions.

Nonstop Power

48V lithium-ion battery up to 4 hours of continuous use with fast charging and easy swaps.

High Load Capacity

Effortlessly moves up to 4,400 lbs (2,000 kg), making light work of heavy loads.

Technical Features

Load Capacity: Up to 4,400 lbs (2,000 kg)

Battery: 48V lithium-ion, fast-charging with easy swaps.

Speed: 3.1 mph (5 km/h) to 2.5 mph (4 km/h)

Fork Sizes: Standard and narrow sizes available.

Gradeability: Handles up to 6% inclines.

Ergonomics: Emergency stop, user PIN access, and electromagnetic braking to ensure efficient operation.

Display: LCD screen for battery, hour meter, and error codes.

**Lowered Fork Height ,
Sub 3 inches**

Offers the ability to adjust speed settings for tailored operation.

Why choose us?

- Boost Productivity
- Enhance Ergonomics
- Proven Results
- Innovative Design

APPLICATIONS

- **Logistics:** Streamlines warehouse and distribution operations.
- **Delivery:** Enhances efficiency for last-mile and bulk deliveries.
- **Retail:** Simplifies handling and stocking for retail operations.
