SMARTER. SMALLER. STRONGER.

POWERROLL T-SERIES

PowerRoll T-Series: Precision and Power for Roll Handling

The PowerRoll T-Series is designed for efficient and reliable handling of heavy paper rolls. Built for demanding applications, it features a rugged frame, a pneumatic drive system for smooth operation, and an ergonomic handle for ease of use.

Optimized Power

Pneumatic system delivers consistent, maintenance-friendly performance.

Heavy-Duty Capacity

Designed to move paper rolls up to 22,400 lbs with ease, maximizing efficiency.

Precision Control

Ergonomic design and advanced drive system allow for seamless maneuverability.

Technical Features

Load Capacity: Built to handle paper rolls up to 22,400 lbs with smooth and reliable operation.

Motor & Drive System: Pneumatic drive system designed for consistent performance and effortless maneuvering.

Ergonomic Handle: Adjustable design for operator comfort and ease of use.

Optimized Traction: Engineered for stability and controlled movement on various surfaces.

Why choose us?

Exceptional Support
Innovative Technology
Maximized Efficiency
Unmatched Durability & Reliability

APPLICATIONS

Manufacturing: Streamlines handling of massive paper rolls.

Storage & Logistics: Enhances efficiency in transporting and positioning rolls.

Industry-Wide Use: Optimizes roll movement across large-scale operations.
